OF GREEN A. Fuller, Member of the  
Headland Lodge

A Memorial of our brother G. A. Fuller a member of the Masonic Order Headland Ma Lodge No 438 who was in ever true and faithful member to the order was initiated April 6 1884 passed April 19 and was raised May 5 1885

Brother Fuller was born May 22 1818 and December 1911 God in His goodness and mercy saw proper to remove by the hand of death our beloved brother

For 15 years some of us have known well his life and its nobleness As a neighbor he was always ready and faithful to give a helping hand Our brother's life was pure and therefore mixed with sweet and bitter We should never forget the unwearied steps from house to house carrying nourishment to the sick cheerless the low spirits of the disheartened and doing good on all occasions He was indeed a good Samaritan

Brother Fuller was industrious and frugal and with the ready assistance of his wife had accumulated a very comfortable share of worldly goods and was ready to use it for the good of humanity

Now while we so badly feel his loss we bow in humble submission to the will of our all-wise father who doeth all things well and we cherish a fond hope and strong purpose to meet our brother on eternities shore where we shall lay down the cross for the crown and join him in singing songs of deliverance to the courts of glory and in the presence of God

Therefore Be it resolved

First that a copy of these resolutions be spread on our minutes and

Second that a copy with our most sincere sympathy be presented to the bereaved family

Third that we request the Henry County Standard and The Dothan Eagle to publish the same

## MRS. LARAMORE TELLS TROUBLES

Lady in Goodwater Describes Her Distressing Experience and Tells How She Was Finally Relieved.

Goodwater Mo.—Ever since I was a little girl says Mrs. Roley Laramore "I was a great sufferer from dyspepsia. I suffered misery after eating and had terrible heartburn.

I thought I had to suffer this way as long as I lived but when I began to take Theodor's Black Draught, in small doses, every night, the heartburn was all gone in a few days, and I could eat without distress.

I took two small packages in all, and although that was some time ago, the dyspepsia has not returned.

I speak a good word for Theodor's Black Draught whenever I have the opportunity.

If eating causes distress, we urge you to try Theodor's Black Draught. It cleanses the system, helps the stomach to digest its food, regulates the bowels, and stimulates the liver.

It acts gently and is without bad after-effects. Try it. Price 25c.

## FOR MAKING GRAHAM BUNS

Good Rule to Follow When Milkman Is Late in Making His Appearance

Some times the milkman does not put in his appearance at the usual time therefore recipes for muffins and other breads which call for water instead of milk are useful. For Graham muffins that is not true. If the milkman does not come you can get from him one cupful of water and one cupful of water and one cupful of butter and two of flour. To this quantity of solids and water add a large spoonful of soda and two of cream of tartar. Mix together with a wooden spoon. Add the two kinds of flour to each with the soda mixture and knead together. Then add the fat. The water and the soda will be all that is needed with flour and cream of tartar in a pinch. If you need it will not take the place of milk.

Send one pint of water to a 6 cent cup and a half pint of sugar and one cupful of soda. Mix with one half pint of oil and two thirds of a cup of flour and drop from spoon into hot fat.

RELIGION IS HIS BUSINESS

Preacher Knows How It Should Be Transacted and Does It Better Than Others

In this it is not meant to be interpreted, to note the excellent way in which business is conducted in the pulpit. It is not the lack of it, but it is the competence and the business method. It is the lack of it, but it is the competence and the business method. It is the lack of it, but it is the competence and the business method.

Now the preacher business is religion. Why not let him conduct it? He has traveled it up to this time. For centuries he has been inferiorly paid. He is often old and poor and with a plunger and many of the business men seem to be in the old-fashioned parable in his mind. I could have done this country as a religious result. That is the way we want to remember our fathers and mothers as we put them in heaven, many sitting in the far away past. We would like business with business men, and in our position, a factory running double entry and money in the bank will do better.

It strikes me that religion applied to business is the need of the hour. This business applied to religion—New York Mail

JUROR FEARED THE DINNER

Conscientious Men Thought Unusually Good Meals Would Keep Him From Thinking Straight

A most interesting thing that I ever observed on a jury with a few years ago, was the experienced juror who was a Catholic and the juror who was a Protestant. The juror who was a Catholic was a man with a common sense and the juror who was a Protestant was a man with a common sense. The juror who was a Catholic was a man with a common sense and the juror who was a Protestant was a man with a common sense.

Style in Mourning

Spectacular mourning is not so popular as it was some years ago. The manager of a city department store in answer to an inquiry on that subject, there is still a large business done in all kinds of mourning goods. But rather the number of people who prefer not to be conspicuous because of their sorrow for the sake of mourning goods has fallen off.

The Original Blue Ribbon Stalk Cutter

We contend that there is not a better Stalk Cutter made than the "BLUE RIBBON" single row. It is thoroughly and perfectly balanced, there being no weight on the horses' necks when it is in use.

THE KNIVES are of the best tool steel they are easy to load and give satisfaction. THE STROKE is a chop which is acknowledged to be the only way to successfully cut stalks. THE FRAME is all steel. THE WHEELS are steel and high making light draft. They also have adjustable dust proof boxes. We have a DRAFT EQUALIZING SPRING, the pull comes on this so there is no jerk caused by the striking motion of the cylinder. THE HOOPS for raking the stalk in line are made of spring steel and close automatically, every time the cylinder does. ANY TENSION DESIRED can be given to force cylinder down by coil or by raising lever rod. THE CYLINDER BEARINGS are well protected from dirt, dust, etc., by adjustable boxes and bands. THE HOOPS made with nine knives.

**FARMERS**

This is the greatest plow you have ever had the chance to buy in this section. We have sold them three years in Houston County and can refer you to some of the best farmers in the country who have bought and used these plows with perfect satisfaction. They will tell you these plows are just what we claim they are and worth more than the price you pay. This plow is made of the best quality of steel and is not a chaff plow. It is lighter and stronger than a chaff plow and will do work that no chaff plow will do.

Mr. Will Floyd, at Webb, made a test and one steel point on the little Dixie Bell turner plow lasted long as four points on other plows in the same ground. Mr. Tom Trawick, west of Dothan, in stiff land and stumps, says two mules and his Steel Middlebraker did more and better work than any plow he ever used.

Mr. M. Hicks, near Abbeville Junction, says "I thought the price was high but you can tell anybody they are worth twice the money."

These are just a few of the many expressions we get from satisfied customers who have bought and used the True Blue line of Steel plows.

Now notice, we have the exclusive selling territory for these plows in Houston, part of Dale, Henry and west Florida and keep a good stock and all repairs at Dothan. In order to get these plows introduced into a new territory, we will ship any responsible farmer one True Blue Middlebraker and one 1 horse steel turner on ten days trial, with the understanding that if the plows do not give perfect satisfaction after a fair trial, they can be returned at our expense.

If you want to take advantage of this offer, write us at once for prices and terms, as it will be open for a short time only.

Grilled Oysters.—Clean a half dozen oysters in a blazer, and as the liquor flows remove it with a spoon. Continue until the oysters pop. Season with butter, salt, and serve on crackers.

CLEANING HINTS. Chloroform will remove grease from the most delicate fabric, until completely dry and there will be no ring to mark the spot.

Outrigger is a good cleaner for paint. Rub the paint with a cloth dipped in kerosene, then dip it in a dry cloth.

To remove grease spots from a paper, cover with a blotting paper, press with a hot iron.

French Mixture.—Mix one pound of quarter of brown sugar, two to four of brown sugar, one to two of powdered cloves, one to two of baking powder. Stir into this eggs and add as much flour as is possible to work to roll in a sheet and cut with a small of knife in a slow even. These are more attractive if a little fruit spread on one side.

Butterfly Mixture.—Stir up a quart of flour and an egg full of soda, add two tablespoons of oil. Rub in two tablespoons of shortening and wet to a soft dough with buttermilk. Work dough to smooth, roll up and cut in strips with a small biscuit cutter. When all are prick with a fork and bake in oven.

To Clean Alabaster. To clean dust stained alabaster ornaments make a paste of soap and milk. The paste is left to dry on then the washed surface being then dried in cloth and then with a flannel, the ornaments will be found unharmed.

French Fritters.—Mix and sift together a cup of flour, a half teaspoon of salt and two tablespoons of baking powder. Add three-fourths of a cup of milk one egg well beaten and one tablespoonful of melted butter. Fry same as griddle cakes. When cooked spread with currant jelly and sprinkle with powdered sugar. Heat the jelly or beat it with a fork before spreading.

Anchovy Toast.—Toast four slices of bread from which the crusts are removed, and spread with paste. Spread a cup of anchovy yolks and stir occasionally. Beat the whites of two eggs stiff, add the milk, and pour over the toast. Season with salt and pepper and serve on crackers.

LAUGH AT HIS JOKES

If you always look at the other man's joke.

At a time when you are laughing at a joke, it is not a joke at all.

At a time when you are laughing at a joke, it is not a joke at all.

At a time when you are laughing at a joke, it is not a joke at all.

At a time when you are laughing at a joke, it is not a joke at all.

An Acquired Habit

"Could you tell me how far it is to the postoffice?" we ask of the man standing on the railway platform. "I have no idea," he replies.

"Well in which direction is it?" "I have not formed an opinion."

"Can we walk there or should we take a car?" "I could not say."

"There is a postoffice here, is there not?" "I would not decide that with my present information."

"But every town has a postoffice, hasn't it?" "I have not talked with anybody on the subject."

"Is there any one around here who can tell us?" "I have not read any of the newspapers."

"But man you surely know whether or not there is a postoffice."

"I could not give a decisive answer to that."

"But don't you live here?" "I have never given the matter any thought."

"Where do you live?" "I have no mental bias in the matter."

"Could you tell me?" "You know you're alive don't you?"

"I should be guided only by the evidence."

"Have a little more of this, but it's soilingly like this, us to one side and says."

"You won't get anything out of him if you quiz him all day. That's Pete Holloway," who's been on so many jury panels it's affected him."
